As part of an initiative to improve the quality and safety of youth groups, we are instituting registration and youth dues for the 2007-2008 year. Please read the following details carefully.

## Registration—Mandatory

Registration is now required for all youth department activities. This includes trips, events at the shul and **youth groups**. Any child who attends youth groups must register. This will help us create a complete database of children in the youth department. Should an emergency arise, we will have the necessary information. Further, registration will allow us to compile a youth list and to notify you of youth events particular to your child.

## Youth Dues—Encouraged

The costs of running a youth department are many, and it is the tradition of our shul to be very generous in anything youth related. The youth are indeed the future of our shul, and an integral part of the Bayit's mission. Cost to youth events are often kept well below the cost of running them, babysitting for children during adult activities are offered often, and many ongoing chesed programs occur. All these things plus the running of top-quality youth groups for which we employ over 40 leaders, and try to buy healthy foods which are always more expensive requires much capital. Your youth dues will help support the many events and regular programming going on at the shul. In addition youth members will receive a special rate for various trips and programs. Youth dues cost per person. If you would like to pay dues but are unable to pay the full amount, please contact the shul office.

Please fill out the bottom of this form and return it to the shul office in a timely manner.
